PERMISSION TO WATCH PG RATED MOVIES

Dear Parents/Carers,

Throughout the school year students will have the opportunity of viewing movies, and/or film clips or parts of film clips, television shows and/or movies that correlate with the school curriculum or to celebrate student success, e.g.

- As part of English programming students view, comprehend and respond to a wide range of texts in different media and technologies including films and movies.
- To support classroom study in other key learning areas including: Mathematics, Science and Technology, Human Society and its Environment, Creative Arts, Personal Development, Health and Physical Education
- Excursions (e.g. bus travel, school camp)
- Designated school reward days

Many of these movies and/or film clips have an Australian rating of PG. The NSW Department of Education stipulates that we must obtain Parental/Guardian consent for the showing of a PG rated movie. Nothing inappropriate will ever be shown, however some movies i.e. *How to Train Your Dragon* are rated PG. This will strictly be adhered to throughout the year. With your permission, your child will be able to view suitable PG children's films and/or clips under the guidance of a classroom teacher.

Please fill in the permission slip below and return to your child's teacher.

Dale Edwards
Principal
