

Blue Haven Public School

Vocabulary Booklet 2018

NAME: _____

Dear Parents,

Vocabulary is essential because readers must have word meaning before they can comprehend what they are reading. Vocabulary is developed when students are explicitly taught individual words, synonyms and word strategies. It is essential to implement a whole school approach to the teaching of academic vocabulary, as this directly affects a student's ability to comprehend academic content.

As we continue to strengthen the learning partnership between the home and school, we encourage all families to support the vocabulary development of their children.

Please work through the following booklet one column at a time. Once your child can correctly read the words in each list sign and date the tracking page at the very back of the booklet. Your child's teacher will then test that level in order to move on to the next level.

Your child's teacher will endeavour to correct the lists as often as possible in order to allow all students to progress at their own rate.

If you would like to further extend your child's use of vocabulary please try these steps

1. Read the word
2. Spell the word
3. What is the meaning?
4. Use the word in a sentence
5. Make sure your child has not memorised the lists in a particular order

Thank you for your support.

Yours in education

Paul McDermott
(Principal)
